

PREPARATION BEFORE HEALTH SCREENING :

General advice :-

- Fast from 12.00 midnight before the day of your appointment.
- No food or beverage is allowed while fasting, with the exception of plain water.
- All medications can be taken as instructed by your physician, except for diabetes.
- Diabetes medication can be taken once you are allowed to take refreshment.
- Light refreshment is allowed once your blood has been drawn by MLT, and / or after completing ultrasound examination.

Stress Test (Treadmill) :-

- This test takes about 20-30 minutes to complete.
- Please bring along your jogging attire and shoes for this test.
- Avoid having a heavy meal before undergoing this test.

Pap smear (for ladies only) :-

- The ideal time for you to have your pap smear done is between 10-14 days after your first day of last menstrual.
- If you are having your period on the day of your appointment, please contact us to reschedule your appointment.
- This is because blood interferes with the end result of urine test and pap smear.

Mammogram (for Ladies only) :-

- For this procedure, do not wear deodorant, talcum powder on your breasts as well as under your arms on the day of examination.
- In addition, please remove all jewellery above the waist before the procedure.
- If possible, bring along prior mammogram films / reports, if available
